EMBALLAGE

Pick Fill & Seal Machine

VT Corp is pleased to introduce Revolutionary Micro-Processor based Accurate Weighing & Filling machine.

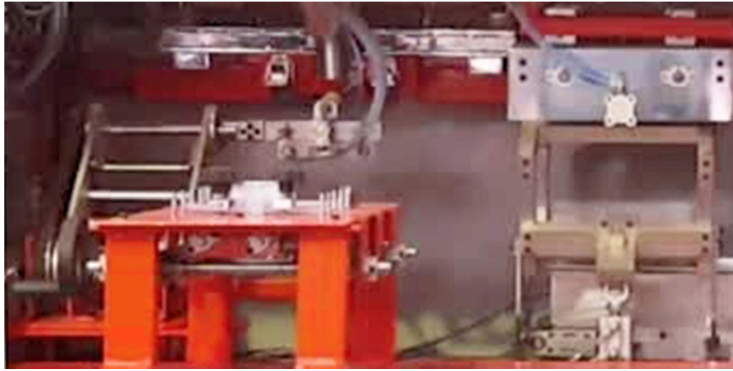

It is an ideal machine for Packing Powder as well as Granular products.

Product Features:

- It is user friendly and does not require highly-skilled operator.
- This **next generation machine** is equipped with fully automatic bag placer & dispenser with sealer.
- It provides sealed bags to the user as per the selected weight.
- It uses readymade pouches & **saves cost** by eliminating usage of costly rolls.
- Preset Weights filling settings are available for ready use.
- Available in 05 variants with packing capacity ranging from:

Model	Min	Max
VTC-EMB-1	100g	1Kg
VTC-EMB-2	500g	2Kg
VTC-EMB-3	2Kg	10Kg
VTC-EMB-4	5Kg	20Kg
VTC-EMB-5	10Kg	50Kg

Note: Actual range may vary depending on the type of material being packed.

Size:

- It is a small & compact machine and occupies less space.

Packing Bags

- Machine can pack in various types of fancy bags as shown below.
