

FUNCTION

- Tire Pressure Monitoring
- Foresee the Air Leakage
- Increase the Tire's Life
- Save Fuel
- No Wire
- Prevent Tire Burst
- Tire Temperature Monitoring
- Real-time Monitoring
- Strong Anti-interference Capacity
- Imported Chip
- Self Defence
- Adjustable Backlight Brightness
- Monitor Four Tires Simultaneously
- ON/OFF Auto-start
- Abnormal Alarming

Solar Power Monitor

DYNA

D601

Solar Power TTPMAS

Monitor Features

- Place anywhere
- Solar energy supply
- Built in with explosion proof lithium battery
- Automatically power on or power off
- Three grade backlight brightness to adjust
- Predict airleakage within 3s,support tire exchange function.
- Pressure unit support PSI
- Display for 4 tires'data on the same interface
