

### Side Mounted Magnetic Level Switch (MK-LS 9900 Series)

**Product Code : MK-LS 9900**

Float mounted at one end of rigid rod moves with change in level, magnetic capsule at other end of rod moves accordingly within fixed limits Switch contacts across the face change accordingly.

As the tank fills up the float lifts up due to buoyancy. The other end of the float which is magnetic in nature goes down and during its downward motion, triggers the switch assembly and the contacts get closed, which can be used to operate an alarm or any other audio/visual load.

#### Specification

Switch type : Micro, SPDT, DPDT  
Form : 1 NO+1NC / 2NO+2NC  
Rating : 5 Amp, 230 VAC  
Enclosure : W-Proof IP65 / EX -Proof

Application : Liquids  
Liquid Density : Above 0.5  
Liquid Viscosity : Up to 500 cp  
Design Pressure : Up to 15 Kg/cm<sup>2</sup>  
Design Temperature: Up to 150°C  
Connection : Flanged to ASA/BS/DIN  
Screwed BSP/Screwed NPT  
Material : SS304/SS304L/SS316/SS316L/PP/  
HDPE/PVC/PVDF Lined/  
PTFE Lined Other Materials

#### Available Options

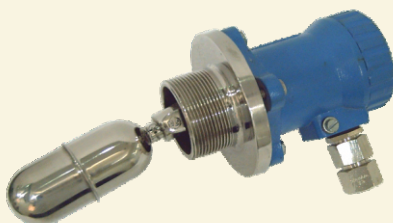

**Side Mounted Magnetic Level Switch With Square Flange Connection**

**Product Code :  
MK-LS 9900-SQ**

**Product Code :  
MK-LS 9900-TILT**

**Side Mounted Magnetic Level Switch With Screwed Connection**

**Product Code : MK-LS 9900-SWD**

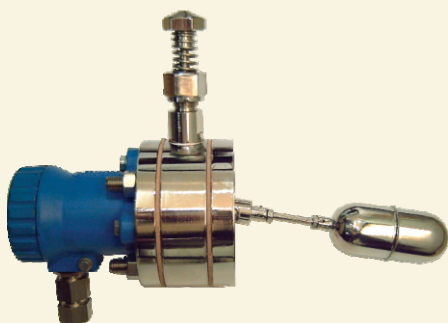

**Side Mounted Magnetic Mini Level Switch**

**Product Code :  
LS 9900-MINI-S**

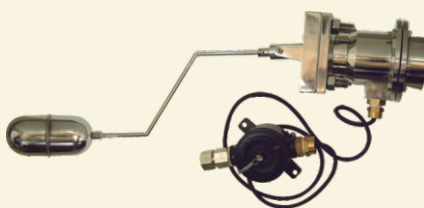

**Product Code : MK-LS 9900-MINI-P**

**Side Mounted Magnetic Level Switch With Test Device**

**Product Code : MK-LS 9900-TDS**

**Side Mounted Magnetic Level Switch With Extended Float Stem And Junction Box**

**Product Code : MK-LS 9900-MRY**

**Side Mounted Magnetic Level Switch With External Cage**

**Product Code : MK-LS 9900-EXCG**
