CETPLAST CA

1417

Concrete admixture

Description:

CETPLAST CA is a general purpose concrete admixture. It helps in achieving increased workability in all grades of concrete and better retention of slump using economical dosage

Advantages:

- Increased workability
- Easier placing compaction and finishing
- Higher cohesion- reduces risk of segregation & bleeding.
- Increased strength and durability
- Lower water requirement for given workability.

Area of application:

- In pre-stressed concrete.
- In pre-cast concrete manufacture.
- Congested reinforcement where high work workability is required.

Properties:

- Appearance : Brown liquid
- Specific Gravity : 1.18
- IS Standard : 9103 - 1979
- ASTM Standard : C-494-86 Type A

Direction for use:

Add the required dosage to the gauging water

Dosage: 150 g to 250 g per 50 kg cement

Packing: Supplied in 20, 50 kg, & 225 kg
