## CEPROOF No.1

1217

### Integral waterproofing Powder for Concrete and Plaster

#### Description:

CETPROOF No.1 powder is supplied as a fine powder ready to use for immediate use with concrete or cement mortar admixture to fill natural pores within the concrete or mortar matrix to reduce porosity.

#### Advantages:

- Easy to use simple application.
- High Quality does not content limestone powder.
- Reduces capillary action shrinkage cracks.

#### Area of application:

- Basements, water tanks, bathrooms.
- Roof slabs and screeds.
- Balconies and external plastering.
- 

#### Direction for use:

Sprinkle 1kg of CETPROOF No.1 powder evenly over 50 kg of cement. Mix the dry materials of mortar or concrete until an even colour is obtained. Add water to the required workability. Mix thoroughly for at least two minutes continuously.

**Dosage:** 1kg per 50 kg bag of cement.

**Packing:** Supplied in 1 kg pouch
