CETPLUG

817

Instant rapid set plugging mortar

Description:

CETPLUG is a polymer modified ready to use powder with selected additives for quick and reliable sealing and plugging of leaks.

Advantages:

- CETPLUG is an unsurpassed, quick water sealing material for the repair of leaks, water seepage in cellars, tunnels basement etc.
- CETPLUG sets hydraulically without shrinkage.
- Sealing is permanent.
- Also use as fixing agent.

Area of application:

- CETPLUG can be use everywhere, where a quick and reliable sealing is necessary even against water pressure.
- While waterproofing jobs especially where continuous seepage of water does not enable conditions to carry out any waterproofing treatments.
- Steel construction & electrical installations.
- Sanitary plumbing installations.
- General fitting work.

Direction for use:

- Mix CETPLUG in small amounts with water
- kneads it into a paste and mold it into a plug shaped and press until, the plug shaped mass.
- Hold it immediately against water leak in the joint and press until, the plug sets.
- Setting time can be accelerated by using hot water.

Packing: Supplied in 1 kg. & 30 kg
