

SALIENT FEATURES

Galvanized Bottom: This prevents rusting of body and gives a cleaner look.

Modified Looks: The load cells are given a different finish and they appear cleaner in looks compared to Chinese load cells.

Special Cable: Connecting cable with better finish is provided in orange color. It provides more strength and better noise immunity.

Warranty: These load cells carry a warranty of twelve month from the date of dispatch against any manufacturing defect.

Strong Technical Support: "APPALTO" is a reputed brand in the Indian weighing industry for more than 30 Years. Appalto load cells are supported by strong technical team for any field or design related issues.
