

We are one of the reputed manufacturers of Quick Lime powder. We offer best quality Quick Lime powder, which is tested for quality, purity. Processed from best quality raw limestone, using latest technology and high tech machinery, our Quick Lime has been in growing demand in markets across Gujarat. Our lime has firmly established us among the top Quick Lime Manufacturers and Suppliers from Rajasthan.

We ensure that the Quick Lime Powder maintains its properties until the same is delivered to the customer's plant by covering it with two layers of tarpoline during transportation. Also to ensure that there is no pilferage during transit, we transport it in a sealed state; if the seal is broken during transit the customer can know the same.

WIDELY USE OF QUICK LIME POWDER

- AAC block manufacturing
- Effluent treatment plant
- Road & building construction
- Paint & pigment as chemicals
- Lubricants & petroleum refinery

Specification	Level
CaO	95.41%
SiO ₂	0.18%
MgO	0,35%
CaCO ₃	3.40 %
MgCO ₃	0.01 %
R ₂ O	0,66%
L.O.I (Residual CO ₂ , EN 459-1)	1.5%
Reactivity (EN 459-2, t ₆₀)	< 1 min
