

# Cylinder Block Boring Machine

Product Catalogue

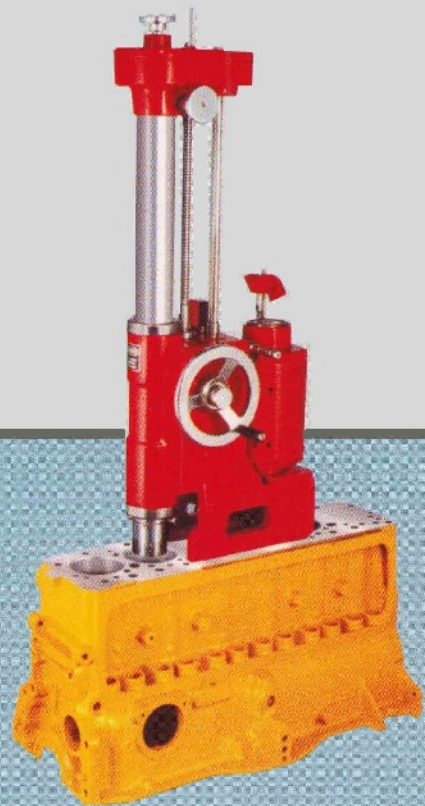

**Masko**  
TECH ENGINEERS

■ **Block Boring Machine**

**Model B:** 46 to 80mm, 180mm [7.87"]  
Single Speed, 1400rpm, Single Phase 1/4

■ **Cylinder Block Boring Machine**

**Model C:** 65 to 125mm with stand, 275mm [1.1"]  
Single Speed, 1400rpm, Single Phase 1/4

■ **Cylinder Block Boring Machine**

**Model A:** 38 to 60mm with stand, 155mm [6.102"]  
Single Speed, 1400rpm, Single Phase 1/4  
**Model B:** 50 to 80mm, 180mm [7.87"]  
Single Speed, 1400rpm, Single Phase 1/4

■ **Honing Machine**

**Model E:** 38 to 80mm Honing Machine,  
1275mm [7"] Hand Operated  
Single Speed, 1400rpm, Single Phase 1/4

## A Precision Machine With Economy

This Machine is of the Vertical system being a precision Fine Boring Machine for the use of various small bore cylinder as shown below. Specially for Motorcycles use, best Cutting Accuracy can be obtained the finished surface by machine perfectly satisfies and it is possible to make the cylindrical and circular tolerance below 0.01 mm with smooth finish.

USES : Motorcycles, Light Motor Vehicles, Small type Compressors, Brake Cylinders, Car and Heavy Trucks.

### Standard Accessories

STANDARD ATTACHMENTS CONTAIN EVIK WOOD TOOL BOX	MODEL A-B	MODEL C-D
