INTRODUCING: POPCORN - MADE IN GREECE

The best Popcorn in the World!

By Mr. Emmanouil Spartalis – C.E.O.

The world's best popcorn... one bite and you are hooked!

Smartfoods S.A. is located in the Prefecture of Xanthi, in Eastern Macedonia in the North of Greece.

It is here that we, owners of around 2,000 acres of land, cultivate the maize the seeds of which are later transformed into superb tasting GMO-Free Popcorn.

The quality of the final product is the direct result of the combination of the excellent microclimate of the area, our vertically integrated ultramodern facilities and our long experience in the cultivation of maize-popcorn.

Smartfoods S.A is proud to be ISO 22000 TUV certified.

Enjoy!
